

# A One-Of-A-Kind Career Center

**Fine Arts Career Services** is dedicated to serving the unique needs of emerging visual and performing artists, whether you choose to pursue a career in the arts or in other sectors of the workforce.

**Fine Arts Career Services** emphasizes the importance of the student taking the initiative with his/her career. This is critical since employers in the visual and performing arts typically don't recruit on college campuses. We serve as a clearinghouse of information and support to help you establish a professional network. Ultimately, we aspire to teach you the skills that will serve you in any career path you choose, at any point in your life.

All CoFA students and alumni/ae are welcome to use our services. Through **one-on-one consultations** you may explore career options, create a résumé or CV, videotape a mock interview, get tips on the graduate school application process, or develop a personalized job-search plan.

Our career resource room contains an **ever-expanding collection of books and materials** related to arts and non-arts careers. We also have books on creating résumés, CVs, and cover letters; interviewing; and the job-search process. We subscribe to several national journals and bulletins (including Access Arts, The New England Conservatory Job Bulletin, and Current Jobs in Performing Arts) that list **jobs, internships, auditions, festivals, and calls-for-entry**. These may be viewed in our office during regular business hours. Some are also available online.

Our website at [www.utexas.edu/cofa/career](http://www.utexas.edu/cofa/career) includes our events calendar, publications related to career development and job-search concerns, and online links in the following categories:
